Installation:
Apply double-sided adhesive tape (included) to the backside of the main unit and the magnetic contact. Mount the main unit in the door or window frame and the magnetic contact on the door or window so the gap between them is less than 1/2 inch.

Operation:
To arm the alarm, remove the disarm key. When the magnetic contact is separated from the main unit the alarm will sound. To turn off the alarm, insert the alarm key.

Battery Replacement:
Access the battery compartment by lowering the cover. Insert three LR44 button cell batteries (included) following the polarity diagram and replace the cover.
